Favourable	**What you might get back after costs** Average return each year	**12,932 USD** 29.3%	**18,683 USD** 9.3%

The figures shown include all the costs of the product itself, but may not include all the costs that you pay to your advisor or distributor. The figures do not take into account your personal tax situation, which may also affect how much you get back. What you will get from this product depends on future market performance. Market developments in the future are uncertain and cannot be accurately predicted.
